

Designed to withstand  
automotive vehicle weight.

**CLASS B:** Loads of 61-175 psi.

Recommended for medium-duty pneumatic tire  
traffic, autos and light trucks at speeds less than 20 mph.

## NEW & IMPROVED

The durability & high performance of the newly designed Fernco StormDrain **Plus** ensures a long lasting, permanent solution for the removal of standing surface water. The easy installation is ideal for driveways, pools, patios, walkways, sports courts and more.

## Newly designed for a stronger and easier drainage solution!

- All products are "UV" inhibited
- Grates are ADA and heel guard compliant
- 3 bottom outlets in every channel
- No clips or screws required to assemble

**Driveways** - Position between the garage and the driveway

**Patios** - Drain water away from where it may be pooling

**Swimming pools** - Divert pool water away from flower beds

**Sports Courts** - Where standing water could be a hazard

**Gardens** - Where natural run off can be safely diverted

**Walkways** - Drains pooling water safely and conveniently

- Grates lock in Channel, no screws required
- Textured non-slip surface
- Grates are concave to more efficiently trap & transfer water

- Channel lengths are interlocking with a secure built-in joining system

- Cavity designed feet secure Channels in concrete. Also allows for staking if needed

- Ribs engineered into the Channel body adds great strength and rigidity

### 3 bottom outlets in every Channel

- The bottom outlets can be cut out with a hole saw or utility knife and accommodates 3" and 4" sewer and drain pipe.

### Simple accessory attachment

- The StormDrain Plus Quad, End Cap and End Outlet just slide into the female end of the Channel. They also each have tabs to fit into the male end of the Channel or the cut to length end of the Channel.

### No clips or screws required to assemble

Quad - FSDP-QUAD

The Quad allows left or right hand extension of the StormDrain Plus or even T and X configurations. The required openings are easily cut out.

End Cap - FSDP-EC

End Caps just slide into StormDrain Plus Channel

End Outlet - FSDP-EO

End Outlet accommodates 3" & 4" sewer and drain pipe OR 3" & 4" Sch. 40 fitting hub
