*Approximate measurements for comparison only.		

Included components:	
Adjustable linkage	40372
Cut-out template	86562-7

Installation Notes

Install this product according to the installation guide.

IMPORTANT! Due to the large size of the bathroom sink, a 21-1/8" (537 mm) wide flat surface is required for installation on a vanity top.

Bathroom sinks without faucet holes require wall-mount faucets with 7" (178 mm) minimum spout length.

Supply dimensions are based on a 12" (305 mm) riser which may require cutting.

NOTICE: Countertop manufacturer or cutter **must** use the cut-out template provided with the product, or a current one provided by Kohler Co. (call 1-800-4KOHLER). Kohler Co. is not responsible for cut-out errors when the incorrect cut-out template is used.

Will comply with **ADA** when installed per Section 606 Lavatories of the Act.
