Product shall require four C size batteries (not included), which can last for 40 hours (average use) at mid volume. Product shall be available with left or right-hand installation. Product shall include 36" (914 mm) speaker cable. Product shall feature easy installation and cleaning. Product shall be Kohler model K-2958-NA.

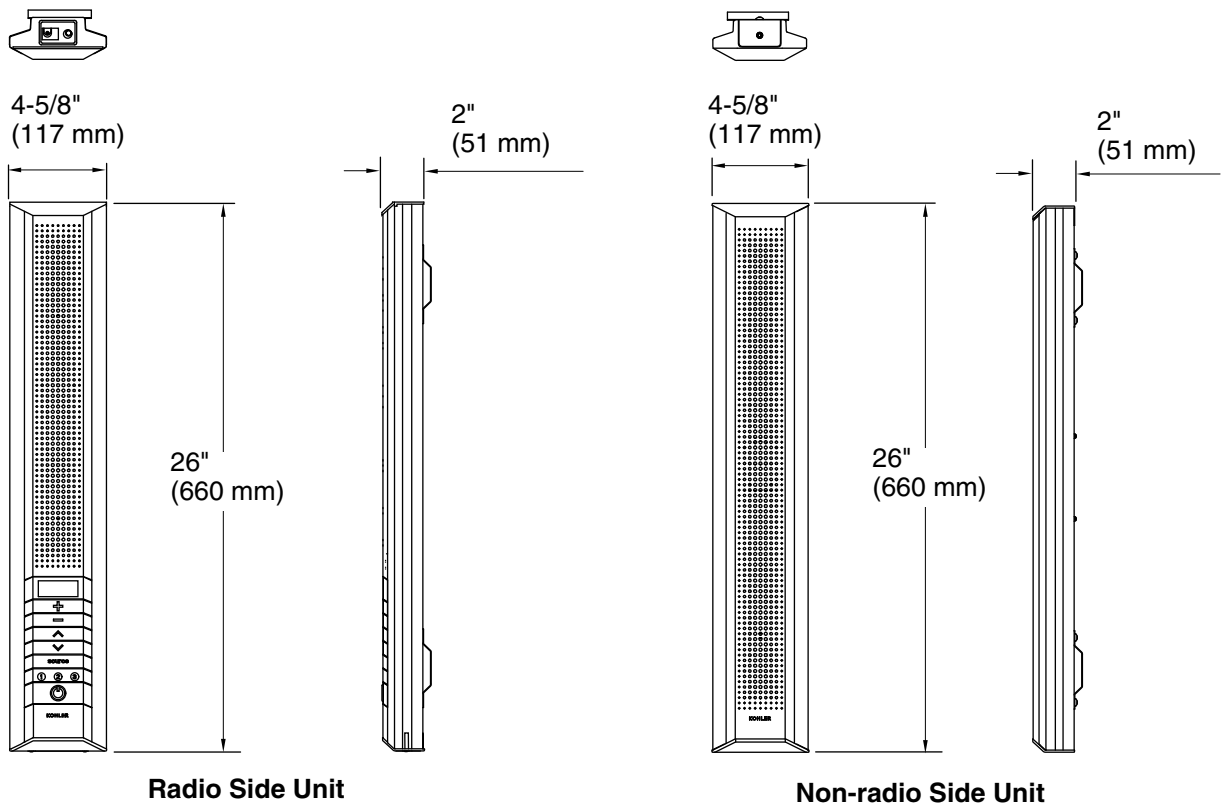

Installation Notes

Install this product according to the installation guide.

Unit may only be installed on surface-mounted mirror cabinets. Follow all local codes and standards when working with electrical devices.

Install auxiliary cable mounting nut into lower shell pin hole.

Allow space from the side of the mirror cabinet for full stereo results.
