

Loaded with a Winning Combination of Features

WM97+
Water
Sealed Combustion
NAT'L or LP
MBH: 70 & 110

- 70,000 & 110,000 BTU input models, both at 97% AFUE rating
- Stylish, compact wall mount design for easy installation, service and maintenance
- Unique condensing stainless steel fire tube heat exchanger design
- Built in boiler circulator
- Built in primary/secondary piping option
- Built in low water cutoff and built in expansion tank
- Pre-wired terminal strip for quick and easy electrical connections
- Convenient indirect-fired water heater connection
- Capable to vent with PVC, PP and SS up to 100'
- Multi-color LCD display with text – no codes
- **3 Zone** circulator control with optional domestic hot water priority
- 5 to 1 turndown ratio capability
- Easy conversion to Propane – kit included
- Water treatment – kit included
- Vent termination – kit included

WM97+

**Go Green &
Save Green
On Your Fuel Bills**

A perfect combination of design, style and efficiency...

Save time and hundreds of dollars on installation with an array of built-in features

- Internal selectable primary/secondary piping with system circulator
- Built-in expansion tank, low water cutoff, and indirect-fired water heater connections
- Three thermostat inputs and circulator outputs with selectable priority eliminates need, and costs, of zone or priority control relays
- Easy, worry-free installation...we did the work, so you won't have to

Easy-to-use customizable control with LCD display

- Large LCD display makes programming and navigation simple
- Simple button navigation and menu layout
- Customizable settings for central heat and domestic hot water modes

Designed for easy maintenance and service of common parts

- Quick disconnect clips for fast and easy service of the gas valve, blower, heat exchanger, and control module
- Our boiler control module can adjust the speed of the circulator so a common single speed circulator can be used for quick replacement

Benefits that conserve...

- Exceeds Energy Star requirements with efficiency at 97%
- Eligible for Energy Star and Utility rebate programs
- check your local area for details and current rebate amounts.
- Lower emission levels than most boilers

... our WM97+ wall mount boiler makes it easy to go green

Heat Exchanger...

Durable stainless steel fire tube heat exchanger

- High-grade stainless steel design with low pressure drop
- Unique dimple tube design achieves efficiencies up to 97.3% AFUE
- Corrosion resistant polypropylene condensate collector base

WM97+ components

Designed to optimize operation resulting in significant fuel savings.

- | | |
|-------------------------------------|--|
| 1 Service Switch | 8 Water Connections for System Heating |
| 2 Ignition Electrode / Flame Sensor | 9 Low Water Cutoff |
| 3 Venturi | 10 Primary/Secondary Shut-Off Valve |
| 4 Blower | 11 Gas Valve w/ Flex Piping |
| 5 Air Inlet Silencer | 12 Expansion Tank |
| 6 Stainless Steel Heat Exchanger | 13 Boiler Circulator |
| 7 DHW Tank Piping Connections | 14 Gas Pipe Connection |
| | 15 Condensate Connection |

Why Weil-McLain...

- Full product line to satisfy every application
- Every residential gas boiler is hydrostatically tested to ASME standards and test fired
- Backed by Weil-McLain quality and a warranty that provides peace of mind
- Unrivaled technical and field sales support
- Over a 130 year proud history and North America's leading boiler manufacturer

WM97+ 70	1	1	1/2	1	136
WM97+ 110	1	1	1/2	1	136

Installation Flexibility with Multiple Venting Options

Sidewall Direct Vent

Through-the-roof Direct Vent

Standard Equipment

Boiler

- 30 PSI ASME relief valve
- Drain valve
- Stainless steel burner with woven steel fiber mesh
- Direct spark ignition
- Variable speed blower assembly
- Venturi mixing system with air silencer
- Negative pressure regulated gas valve
- 50 VA Transformer
- Dual scale temp. & pressure gauge
- Outlet water temp. sensor
- Inlet water temp. sensor
- Flue gas temp. sensor
- Outdoor temp. sensor
- Built in primary/secondary piping option
- Built in expansion tank
- Indirect-fired water heater connections
- Water treatment – inhibitor & test kit
- Low water cutoff with manual reset & test button

Control Module

- 3.5" LCD display
- Three-zone circulator control with optional domestic hot water priority
- Pre-wired Terminal blocks
- Alarm control functionality
- Ignition Control
- High limit & modulating temp. control
- Outdoor Reset

Internal Boiler Circulator*

- 1" flanges Taco 007 (70)
- 1" flanges Taco 0015 (110)

Complete Jacket Assembly with

- Fully removable jacket front
- Mounting bracket
- Sidewall vent/air termination kit**
- On/Off power switch
- Condensate trap
- Propane conversion orifice

Additional Equipment

- Concentric vent kit
- Condensate neutralizer kit

*Circulator supplied with boiler cannot be removed and cannot be used as a zone circulator in multiple zone systems.

** Includes inside and outside plates, vent cap and hardware.

In the interest of continual improvements in product and performance, Weil-McLain reserves the right to change specifications without notice.
